A Striking Picture—A Revival of Old Time Simplicitities.

In one of Harper's issues is given a very fine illustration of Roberts' celebrated painting, known as "Doctoring Old Time." It represents a typical old-timer, with his bellows, blowing the dust from an ancient clock, with its cords and weights carefully secured. One of these clocks in this generation is appreciated only as a rare relic.

The suggestive name, "Doctoring Old Time," brings to our mind another version of the title, used for another purpose—"Old Time Doctoring."

We learn, through a reliable source, that one of the enterprising proprietary medicine firms of the country, has been for years investigating the formulas and medical preparations used in the beginning of this century, and even before, with a view of ascertaining why people in our great-grandfathers' time enjoyed a health and physical vigor so seldom found in the present generation. They now think they have secured the secret or secrets. They find that the prevailing opinion that then existed, that "Nature has a remedy for every existing disorder," was true, and acting under this belief, our grandparents used the common herbs and plants. Continual trespass upon the forest domain, has made these herbs less abundant and has driven them further from civilization, until they have been discarded, as remedial agents because of the difficulty of obtaining them.

H. H. Warner, proprietor of Warner's safe cure and founder of the Warner observatory, Rochester, N. Y., has been pressing investigations in this direction, into the annals of old family histories, until he has secured some very valuable formulas, from which his firm is now preparing medicines, to be sold by all druggists.

They will, we learn, be known under the general title of "Warner's Log Cabin remedies." Among these medicines will be a "sarsaparilla," for the blood and liver, "Log Cabin hops and buchu remedy," for the stomach, etc., "Log Cabin cough and consumption remedy," "Log Cabin hair tonic," "Log Cabin extract," for internal and external use, and an old valuable discovery for catarrh, called "Log Cabin rose cream." Among the list is also a "Log Cabin plaster," and a "Log Cabin liver pill."

From the number of remedies, it will be seen that they do not propose to cure all diseases with one preparation. It is believed by many that with these remedies a new era is to dawn upon suffering humanity and that the close of the nineteenth century will see these roots and herbs, as compounded under the title of Warner's Log Cabin remedies, as popular as they were at its beginning. Although they come in the form of proprietary medicines, yet they will be none the less welcome, for suffering humanity has become tired of modern doctoring and the public has great confidence in any remedies put up by the firm of which H. H. Warner is the head. The people have become suspicious of the effects of doctoring with poisonous drugs. Few realize the injurious effects following the prescriptions of many modern physicians. These effects of poisonous drugs, already prominent, will become more pronounced in coming generations. Therefore we can cordially wish the old-fashioned new remedies the best of success.

How He Advertised.

A gentleman, living in a small city in the west, had inherited consumption from his father, and the doctor told him he must die. He stopped taking their weakening physic and tried Dr. Pierce's Golden Medical Discovery. In three months he was strong and well. The gentleman's neighbors knew how sick he formerly was, and asked him to state in public how he had been cured. He advertised to lecture on a certain evening, in the public hall, and there was a large audience present. This was his lecture: A picture of himself before, and one after, he tried the remedy, and five empty bottles of Pierce's Golden Medical Discovery. He said nothing, but convinced his audience just the same. It outwits all—Dr. Sage's Catarrh Remedy.

Important Events of the Whole World for Twenty-four Hours.

General News Topics Told by the Telegraph.

The Panama Canal. PARIS, Oct. 22.—At a meeting at Lyons De Les eps declared that the Panama canal would be open to traffic in July 1890. He said he wished to correct the report that the opening would be delayed until 1891.

The Sunday Law Enforced.

A Great Man Gone.

ST. LOUIS, Oct. 22.—Judge Britton A. Hill, one of the oldest and most prominent of St. Louis' citizens died yesterday, aged 72 years. He was a personal friend of President Lincoln during the war and his theory of the scheme of finance based on legal tender notes was adopted in 1861.

Monopoly Defies Law.

LARAMIE CITY, Wyo., Oct. 22.—In the District Court of Albany County, this afternoon, Dilks Black, manager of the Western Union Telegraph office at this point, was fined \$100 and committed to jail until 10 o'clock to-morrow morning, for failing to produce certain telegrams as directed by Judge Sauley.

Died of a Broken Heart.

CHICAGO, Oct. 22.—A sensational incident occurred to-day at the funeral services of C. S. Squires, who was assistant postmaster at Chicago for nineteen years. After having worked his way up from errand boy in the postal service, Mr. Squires was reduced to a chief clerkship and subsequently suspended. His friends claim that he died of a broken heart.

The Bogus Merchants.

SAN FRANCISCO, Oct. 22.—U. S. District Attorney Carey concluded the examination this morning of the fifty-one Chinamen who were released from the steamer Elgie on writs of habeas corpus last week, on a plea of being merchants, not laborers. The district attorney states that he is satisfied that all of the men, with possibly one exception, are frauds, and are barred out by the exclusion act. Judge Sawyer will hear the cases next Wednesday, and in the meantime the Chinese will remain in the country.

Prohibition all Right.

WASHINGTON, Oct. 22.—The supreme court to-day sustained the constitutionality of the prohibitory law of Iowa. The point at issue was the right to manufacture intoxicating liquors solely for exportation to other states despite the state law, and it was pleaded that the prohibitory measure, in so far as the manufacture for exportation was concerned, was in conflict with the constitutional provisions, giving congress the sole right to regulate inter-state commerce. The court holds that the state law is prohibitory both as to manufacture and sale, except for mechanical, medicinal and sacramental purposes.

The Yreka Ra'oad.

SAN FRANCISCO, Oct. 22.—Railroad workers on the Yreka narrow gauge line are now building across Yreka creek, near the town of that name, and thus one of the oldest towns of California, which has always been without a railroad, is now to be given transportation facilities. The road will connect

with California & Oregon line at Montague. Four hundred tons of steel rails are on the road, and track laying will be completed soon after their arrival. Grading is completed for over half the distance, and the bridge across Shasta river is nearly finished.

A Murderer Captured.

SPOKANE FALLS, Oct. 22.—Miller, one of the escaped prisoners who murdered Cole three weeks ago near this city and threw the body into the river, was captured this morning thirty miles from here by Guy Haines, an old-time citizen, who met him on the road and brought him in this evening. The sheriff has located a part of the gang, who crossed the Columbia river, heading for British Columbia, and with a large mounted posse and an Indian trailer, left to-night to effect the capture.

Oranges and Ca'ifornia.

SAN FRANCISCO, Oct. 22.—J. A. Fillmore of the Southern Pacific, who has just returned from Southern California, says the outlook for the orange crop there is very large. "We expect to take at least 2,000 to 2,500 cars from there this year," he said.

JACKSONVILLE, Fla., Oct. 22.—The number of new cases to-day was forty-three, and there was one death. Of the new cases eight were white and thirty-five colored. Total cases to date, 3839. Total deaths, 332.

CONDENSED DISPATCHES.

A heavy snow storm prevailed all day yesterday in Nebraska.

It is reported that Civil Service Commissioner Edgerton will shortly tender his resignation.

It is reported that the Union Pacific, Northern Pacific and the Canadian Pacific roads are to be brought into harmony by the appointment of a board of control, which shall have the power to settle all questions of competitive tariffs.

The appointment of Charles W. Irish as surveyor general of Nevada was confirmed before the adjournment of the senate. This nomination has been pending nearly two years. The senate once rejected his nomination and the president re-appointed him.

Mrs. Harriet Beecher Stowe, who, since her return from Sag Harbor, has been showing steady improvement, suffered a serious relapse yesterday. Her condition is again critical. Owing to old age and her enfeebled condition it is not believed she can survive the attack.

Dr. Herrick, who was appointed by the California Board of Health as Inspector to take measures to prevent the introduction of yellow fever and smallpox into California, has reported that all danger from these diseases is past. He went to the Southern part of the state to investigate into the cattle diseases said to be prevailing there.

\$5,000. Reward. \$5,000. For a better or more pleasant remedy for the cure of consumption, bronchial troubles, cough, croup and whooping cough, than Santa Able, the California king of consumption. Every bottle warranted. If you would be cured of that disgusting disease, Catarrh, use California Cat-R-cure. \$1.00 a jar; by mail \$1.10. Santa Able and Cat-r-cure are sold and warranted by D. W. Matthews & Co.

Sanitizing a Malignant Disease. Miasmatic, or malarial, disease has many forms. Physicians have, for the sake of convenience and for the purpose of indicating its most strongly marked forms, subdivided it into intermittent and bilious remittent fever, dumb ague and ague cake, but it presents an infinite variety of symptoms in different individuals. Be those symptoms what they will, always remember that Hostetter's Stomach Bitters will annihilate them at the outset, and prevent their recurrence. A review of the proofs would convince any one of the fact. This, however, is impossible because they are too numerous, and unnecessary, because the effects of this grand anti-malarial specific are a matter of common knowledge. No less familiar to the public are its remedial and preventive effects in bilious attacks, constipation, dyspepsia, indigestion, rheumatism, debility and kidney troubles. It is, moreover, an excellent appetizer and tonic nerve.

HAVE YOU A COLD IN THE HEAD which does not get better? Have you an excessive secretion of mucus matter in the nasal passages? Are you troubled by sneezing, spitting, weak and inflamed eyes, frequent soreness of the throat, ringing or roaring in the ears, more or less impairment of the hearing, loss of smell, memory impairing, dizziness or drowsiness of the head, dryness or heat of the nose? Have you lost all interest in business or pleasure? Is your breath foul? If so, you have the Catarrh. Some have all these symptoms, others only a part. California Cat-R-Cure Restores the sense of taste and smell, removes bad taste and unpleasant breath, resulting from Catarrh. Easy and pleasant to use. Follow directions and a cure is guaranteed by D. W. MATTHEWS & Co.

RECOMMENDED. CAPTAIN CHARLES L. DIMON, of New York City, formerly special agent of the Phoenix and Home Insurance Company of San Francisco, Cal., says: "I have been troubled with Chronic Catarrh for twenty years. A friend in Woodland, Cal., recommended your California CAT-R-CURE. I procured a jar, having but little faith in its curative properties; but I must say, after using three jars, I am cured of that disgusting disease. Inclosed find \$5 for which send me California CAT-R-CURE for some friends, who are sufferers."
